

COUNTRY WATCH

Western Weekly:

17th July 2014

Colleagues,

Outboard motor thefts seem to be the flavour of the week this week, we have had several stolen from both moored dinghies and from sheds. Please secure them and also ensure you have a record of the serial number. Register your property on 'immobilise.com' or security mark it with one of the DNA marking products available.

Last week we sent you the link to a Hampshire Police Webpage, which I am repeating here:- <https://www.flickr.com/photos/hampshireconstabulary/sets/> This is a webpage which has photographs of recovered stolen property, currently sitting in our property storage facilities. Property seized from criminals which we believe to be stolen. If you have been the victim of a theft based crime over the past 10 years then it's well worth having a look to see if you recognise any items. Please let us know if you do so that we can reunite the property with its owner.

The team are currently industriously preparing for this years big event, the New Forest Show on 29th, 30th and 31st July. Country Watch will be there on all three days in the new and very smart Hampshire Constabulary mobile police office. The Firearms enquiry team will be there to answer queries over Firearms Licensing and the Police and Crime Commissioner is attending on the Tuesday, together with the Assistant Chief Constable, Mr Pryde, who is also attending on the Wednesday. There will also be an opportunity to catch up with our very own Inspector Lou HUBBLE who will be making an appearance on the Tuesday and Wednesday so pop along to our stand and say 'hello' and we will sign you up for Hampshire Alert, a new communication channel which is being launched at the show. I will let you know more once the team and I have been trained next week.

Kind Regards

Debby Holman
Western Country Watch Sergeant

Rural Theft

- 11/07 Keyhaven SUZUKI 5HP outboard motor stolen from moored dinghy.
