## **Town Council Social Media Policy**

The aim of this policy is to set out a Code of Practice to provide guidance to town councillors, council staff and others who engage with the council using online communications, collectively referred to as social media.

Social media is a collective term used to describe methods of publishing on the internet.

This policy covers all forms of social media and social networking sites which include (but are not limited to):

- Town Council Website
- Facebook, Instagram and other social networking sites
- Twitter and other micro blogging sites
- Youtube and other video clips and podcast sites
- LinkedIn
- Blogs and discussion forums
- Email

The use of social media does not replace existing forms of communication.

The principles of this policy apply to town councillors and council staff and also applies to others communicating with the Town Council.

The policy sits alongside relevant existing policies which need to be taken into consideration.

The current Code of Conduct applies to online activity in the same way it does to other written or verbal communication.

Individual town councillors and council staff are responsible for what they post in a council and personal capacity.

In the main, councillors and council staff have the same legal duties online as anyone else, but failure to comply with the law may have more serious consequences.

Social media may be used to

- Distribute agendas, post minutes and dates of meetings
- Advertise events and activities
- Promote good news stories, linked websites or press pages
- Advertise vacancies
- Re-tweet or share information from partner agencies such as Principal Authorities, Police, Library, Health etc.
- Announce new information
- Post or Share information from other town and parish related community groups such as schools, sports clubs and charities
- Refer residents' queries to the clerk and all other councillors

## **Code of Practice**

When using social media (including email) town councillors and council staff must be mindful of the information they post in both a personal and council capacity and keep the tone of any comments respectful and informative.

Online content should be accurate, objective, balanced and informative.

Town councillors and council staff must not:

- hide their identity using false names or pseudonyms
- present personal opinions as that of the Town Council
- present themselves in a way that might cause embarrassment to the Town Council
- post content that is contrary to the democratic decisions of the Town Council
- post controversial or potentially inflammatory remarks
- engage in personal attacks, online fights and hostile communications
- use an individual's name unless given written permission to do so
- publish photographs or videos of minors without parental permission
- post any information that infringes copyright of others
- post any information that may be deemed libel
- post online activity that constitutes bullying or harassment
- bring the Town Council into disrepute, including through content posted in a personal capacity
- post offensive language relating to race, sexuality, disability, gender, age, religion or belief
- conduct any online activity that violates laws, regulations or that constitutes a criminal offence

Publishing untrue statements about a person which is damaging to their reputation is libel and can result in a court action and a fine for damages.

This also applies if someone else publishes something libellous on your social media site. A successful libel claim will result in an award of damages against you.

Posting copyright images or text on social media sites is an offence. Breach of copyright will result in an award of damages against you.

Publishing personal data of individuals without permission is a breach of Data Protection legislation and is an offence.

Publication of obscene material is a criminal offence and is subject to a custodial sentence.

Councillors' views posted in any capacity in advance of matters to be debated by the council at a Town Council or committee meeting may constitute pre-disposition, pre-determination or bias and may require the individual to declare an interest at Council meetings.

Anyone with concerns regarding content placed on social media sites that denigrate town councillors, council staff or residents should report them to the clerk of the Council.

Misuse of social media content that is contrary to this and other policies could result in action being taken.

The Town Council will appoint a nominated person as moderator of Town Council social media output who will be responsible for posting and monitoring content to ensure it complies with the Social Media Policy.

The moderator will have authority to remove any posts made by third parties from Council social media pages which are deemed to be of a defamatory or libellous nature.

This policy will be reviewed annually.
